jointly organize an

INTERNATIONAL CONFERENCE

ON

MATERIALS AND PROCESSING FOR SUSTAINABLE DEVELOPMENT EMPOWERING THE FUTURE WITH SMART TECHNOLOGIES (MPSD-EFT - 2025)

28 - 29 NOVEMBER, 2025

MPSD-EFT 2025 aims to foster collaboration and knowledge exchange among leading minds in these fields. The conference will focus on:

Sustainable Materials: Exploring advanced materials that enhance sustainability in engineering applications.

Innovative Methods: Highlighting cutting-edge engineering methods that promote environmental responsibility.

Technology Integration: Discussing the integration of new technologies to achieve sustainable development.

CALL FOR PAPERS

MPSD-EFT 2025 will explore cutting-edge strategies and technologies for sustainable development across various sectors, focusing on innovative materials, eco-friendly methods, and integrated solutions for a greener future.

Tracks:

Mechanical Engineering, Aeronautical Engineering, Civil Engineering, Robotics and Automation

JOURNALS FOR PUBLICATION

Selected high-quality papers presented at the conference will be published in Atlantis Highlights in Materials Science and Technology – Part of Springer Nature, and submitted for evaluation by CPCI for publication in Web of Science/Scopus indexed Publications.

Visit the conference website mpsd-eft-2025.com to submit Abstract

Abstract Submission Closes	10.08.2025
Notification of Acceptance	15.08.2025
Full Paper Submission Closes	30.09.2025
Early-Bird Registration Closes	31.08.2025

ATLANTIS PRESS
SPRINGER NATURE

DEPARTMENT OF

**Mechanical Engineering | Aeronautical Engineering
Robotics & Automation | Civil Engineering**
